Supplementary Figure 1. Representative images of CD4+ immune cells in tumors. CD4 expression was scored as percentage of observed area, as described in Methods. (a), 3+; (b), 2+; (c), 1+; (d), 0.

Supplementary Figure 2. Representative images of CD8+ immune cells in tumors. CD4 expression was scored as percentage of observed area, as described in Methods. (a), 3+; (b), 2+; (c), 1+; (d), 0.
Supplementary Figure 3. Representative images of CD56+ immune cells in tumors. CD56 expression was scored as percentage of observed area, as described in Methods. (a), 2+; (b), 1+; and (c), 0

Supplementary Figure 4. Representative images of PD-1+ immune cells in tumors. PD-1 expression was scored as percentage of observed area, as described in Methods. (a), 2+; (b), 1+; and (c), 0
